Two New ‘PistenBully’ Groomers Added To Fleet

Again, it’s just more news about our multi-million dollar improvement campaign at both Labrador and Song.

Two brand spanking new PistenBully 400 4F snow groomers will be delivered before the snow flies. Mohawk Industrial Werks, right down the road a bit in Chadwicks, NY sell and service Pisten Bullys throughout the Northeast. These new state-of-the-art groomers are replacing vintage 1999 machines and should realize significant fuel savings. And of course, less fuel means less greenhouse gasses. Further, the new 400 HP Cummins Tier 4 engine will substantially reduce emissions. NoX emissions and particulate matter are reduced to near zero.

Of course, what counts is the finished ski slope. These groomers are billed as, “*The specialist for slope and snowpark preparation.*” They come equipped with an advanced AlpineFlexTiller to provide a seamless corduroy finish and perfectly groomed snow on the open slopes and in the snow park, ensuring hours of skiing and snowboarding fun.

For you, our customer, this means the best groomed slopes. For all of us, a better environment.

Of course, increased reliability is another huge bonus. One will be going to Labrador and one will be going to Song.

“Be a Joe,
Not a Schmoe”

New ‘Diamond Cutter’ Triple Chair Is Huge Hit At Song Mountain

To much fanfare, the new ‘Diamond Cutter’ triple chair opened to the public at Song Mountain Saturday, February 17, 2018.

At the chairlift’s dedication, one of the Thunderbird Club’s most avid members, David White, had the honor of “cutting the ribbon” (you can see his enthusiastic grin in the photo below).

Almost 1,000 names were submitted in our “Name The Chairlift” contest and the winning entry, “Diamond Cutter”, was submitted by Kris Kiefer of Skaneateles. Kris will receive a free 2018-19 season pass for his suggestion. **Congratulations!**

This new chairlift, part of a multi-million dollar improvement campaign at both Labrador and Song, replaced the aging “Thunderbird T-Bar”, originally installed circa 1965.

It was an immediate Billy Fucillo like, **HUGE HIT!**

The eastern portion of Song Mountain is universally recognized as CNY’s best advanced terrain and this new chair lift has radically altered Song’s downhill traffic patterns. As the laps added up, many smiling faces were noted at the bottom of both *Otto’s Folly* and *Jupiter*.

Smiles all around as the Thunderbird’s very own David White cuts the ribbon at the Diamond Cutter dedication, February 17, 2018.

Seasonal Ski Equipment Available For Passholders <6

Kids under 6 are always issued FREE season passes when at least one parent purchases a full season pass. Additionally, kids under six (born on or after 11/1/12) can optionally receive a ‘Tot’ ski package (skis, boots, and poles), for their exclusive use, for the 2018-19 ski season, when a parent(s) purchase(s) a ‘full’ season pass on or before October 4, 2018. An “Equipment Loan” agreement, a \$99 processing charge, and a \$99 refundable security deposit are required.

Recognizing that kids are our most important source of future customers, this kids’ equipment program will not only reduce the start up costs for younger family members, but will also eliminate the frustrating experience of “size obsolescence”.

If your child outgrows any of his or her equipment mid-season,

they will be able to swap their skis, boots, or poles in for a bigger, longer, or larger size!!

Our experience has shown that skiing is more intuitive than snowboarding at ages less than 6. And while this new program primarily fits skis to your youngster, for those requesting snowboards, limited exceptions will be made on a case by case basis.

You want just skis, or just boots... No problem... We’re THAT flexible.

While we haven’t moved this program to Labrador quite yet, you are welcome to get your child’s equipment at Song even if you primarily ski at Labrador.

Don’t lollygag. This program is first come, first served. There are limited supplies for this **VERY** popular program and we **ALWAYS** sell out.
